

CharacterMoveUndo.AddCommand

CommandHandler.AddCommand

ICommandOWS.Execute

```
graph LR; A[CharacterMoveUndo.AddCommand] --> C[ICommandOWS.Execute]; B[CommandHandler.AddCommand] --> C;
```

The diagram illustrates a dependency or implementation relationship. On the left, two rectangular boxes are stacked vertically. The top box contains the text 'CharacterMoveUndo.AddCommand' and the bottom box contains 'CommandHandler.AddCommand'. On the right, a single rectangular box contains the text 'ICommandOWS.Execute'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the right box, indicating that both 'CharacterMoveUndo.AddCommand' and 'CommandHandler.AddCommand' are associated with or implement the 'ICommandOWS.Execute' interface.
